GRAND RAPIDS
PUBLIC MUSEUM

Be curious.

Tyrannosaurs share features that distinguish them from other dinosaurs. **Circle the 4 features unique to tyrannosaurs.**

- ☐ Bone at top of hip
- ☐ Tail
- ☐ D-shaped teeth in front upper jaw
- ☐ Fused nasal bones in skull
- ☐ Stands on two legs
- ☐ Small arms
- ☐ Long hind limbs
- ☐ Ribs and torso

**If you were a Tyrannosaur for a day,
which one would you be?**

Write or draw what you would do.
